// Professional Statement

My work is something I take immense pride in and work diligently to ensure it is of the highest standard. I work to bring together disparate ideas and input. I love when I see the inspiration everywhere and have the possibility to design them.

// Experience

Feb 2017 – Present

Rock Kitchen Harris

Simona Nikolova

Front End Developer and Designer

// About Me

I love to bring awesome designs to life for clients with cool ideas. Making a career out of something that is creative, fun and rewarding for both me and my clients. Graphics is a huge passion of mine. It enables me to stay spontaneous and gives me an opportunity for creative fulfillment. I put a lot of commitment into my work, and take by the handful all the benefits offered by the Internet and contemporary advertising in order to satisfy my clients.
